

The Cub Scout Academics and Sports Program

The Academics and Sports program gives Cub Scouts extra recognition activities to earn. In Academics subjects and Sports, Cub Scouts learn new skills, become better scholars, learn sportsmanship, and have fun. You can get to know a sport or an academic subject that's new to you—maybe astronomy, chess, computers, science; golf, hiking, tennis, or skateboarding to name a few in the program.

Belt loops and pins are a great way to help fulfill the aims of Scouting—build character, develop citizenship, and encourage mental and physical fitness. Through a variety of subjects, you can stretch your mind and abilities by exploring the wonders of science, learning about the world, and expanding skills in new areas.

This is a chance to try something new, do your best, and earn recognition all at the same time.

Academics and Sports Letter and Pins

Once you have earned the belt loop, you can stop. But if you want to do more with the activity, you may complete extra requirements to earn a pin.

A good place to display Academics and Sports pins is on the Academics and Sports letter. You can wear the letter on a sweater or a jacket, or display or frame it. The letter does not go on the Cub Scout uniform. There are no special requirements for earning the letter, because it's just for displaying the pins.
